SMART DOOR LOCKS

PRODUCT CATALOGUE

SMART DOOR LOCKS

Features

Smart door locks offer convenient features such as keyless entry, remote access, and the ability to control and monitor the lock from anywhere using a smartphone or other connected devices.

Security

Smart door locks come with advanced security features such as encryption, authentication, and tamper detection, which provide enhanced protection against unauthorized access.

Multiple User Access

Smart door locks allow users to create multiple user profiles with different access permissions. This can include family members, guests, or employees, with varying levels of access rights and schedules, allowing for flexible access control and customization.

Modern Aesthetics

Smart door lock features sleek and modern designs that can complement the aesthetics of modern homes and businesses.

About us

Finolex Cables is amongst India's leading electrical and telecommunication cable companies. It is rapidly transforming from a manufacturer of wires and cables into an electrical products company, by expanding its product portfolio to market products like lighting, water heaters, fans, switches, switch gears, electrical conduits & room heaters. Further reinforcing its reputation of offering innovative products that cater to the needs of modern households.

Recognizing the undeniable benefits associated with large volumes, Finolex Cables has enhanced its capacities at its state-of-the-art manufacturing facilities spread across Goa, Maharashtra and Uttarakhand. To give flexibility to its supply chain, Finolex cables has established a network of 600 distributors, 4000 channel partners and over 1,50,000 retailers, all connected by an effective SAP system.

Finolex Cables is constantly working to introduce innovative technologies & enhancing technical competencies while prioritizing customer requirements, quality and environmental concerns. A modest journey that began in 1958 has spanned a course of six eventful decades.
